REPORT ON THE ADMINISTRATION OF MYSORE CITY IMPROVEMENT TRUST BOARD FOR THE YEAR 1940-41

The Report is for the 30th year of operations of the Board The President of the City Municipal Council, continued to be the Chairman of the Mysore City Improvement Trust Board as per Government Notification No.11265/Ml 156-18-2 dated 4th March 1919

CHAPTER I - ADMINISTRATION.

2. Chairman of the Trust Board:

Mr. M.Nayaneetham Naidu was Chairman till the 2nd January 1941 and I was the Chairman for the remaining portion of the year.

3. Members constituting the Board:

Consequent on the reconstitution of the Municipal Council from 3rd January 1941, Messrs P Sitharamiah, B A , B L , & S Linganna were elected as Trustees by the Municipal Council in place of Messrs D B. Viswambhariah and Rao Sahib M.Ramaswamy, for the remaining period of the Trustees, and the same was approved by Government in their Notification No L 5623/Ml 106-40 2 dated 27th January 1941

On the expiry of his term of office on 3rd January 1941 as Vice-President of the Municipality Mr.P.C Devaraj Urs ceased to be a Member of the Trust Board and

his place after approval by Government in their Notification No L 5918/Ml 62-40-35 date 10th February 1941 of his election as Vice-President Mr.T.Mariappa became a Member of the Board of Trustees.

The Board was reconstituted with effect from 13th April 1941 (vide Government Notification No L 7280/Ml 160-40-4 dated 10th April 1941) In the reconstituted Board, with a view to enable the Board to have the benefit of the technical advice of a Senior Engineering Officer the Superintending Engineer, Mysore Circle, was nominated as a Trustee in lieu of the Sanitary Engineer. The same Trustees as were elected on behalf of the Municipal Council were reelected by the Council

The names of Trustees that were on the Board at the close of the year are given in Appendix 'A'.

4. Board Meetings:-

Twelve Ordinary Meetings and one Special Meeting were held during the year Annexed statement No I shows the dates on which the Meetings were held and the number of Trustees present at each of them The average attendance at the Meetings was 77 3 percent as against 77.7 percent during 1939-40 and 68 3 percent during 1938-39

CHAPTER II

	Grand Total of 'A'&'B'"		37,992	7	8

Out of the sum of Rs 225-6-2, under House Building Loans overdue, steps noted below have been taken for the recovery of the same.

(1)	Execution proceedings have been taken .	Rs	135	6 2
(2)	Notices have been issued		90	0 0
	Total	Rs	225	6 2

31 The establishment charges viz , - salaries and allowances including pensions, contingent charges etc , amounted to Rupees 27,147/-

32 Both the indoor and outdoor subordinates continued to work fairly satisfactorily during the year

GENERAL

Improving Road and Circles:- The Sayaji Rao Road beyond the Institute for Defectives and the Krishnaraja Road beyond its junction with Kantaraja Road, were improved during the year

The tarring work of Chevadi Street was taken up and is in progress.

Traffic Islands were constructed in the Circles at the junctions of Irwin and Viceroy Roads respectively These Islands are reported to be very useful and also to save the cost of Traffic Constables who became unnecessary where these are put up.

New Santhepet Area and Filling up of Poorniah Nala:- An additional extent of site behind each godown was allotted to the respective owners for extending their present godowns as per plan of the Trust Board.

The work of filling up of Poorniah Nala with railway cinders was continued as usual and considerable progress made

New Bamboo Bazaar:- Two buildings were completed and the others are in different stages of construction A new Service Road to these shops was opened during the year.

The road in front of New Bamboo Bazaar leading to Bannirantap has since been taken up This will be of immense help to traffic coming from Seringapatam side This road is

Shifting of Epidemic Diseases Hospital, Mysore:- The question of shifting the Epidemic Diseases Hospital from its present place in Ediga Extension, Mysore, to a place on Mahadevapur Road is pending from a very long time The scheme of acquisition for the purpose of extending the Krishnarajendra Hospital compound, Mysore, and of opening out a new road between the Krishnarajendra Hospital and the Devaraja Market and joining it on to the Prince of Wales Road is now on hand To push through this vigorously, the Bamboo Bazaar area which is situated in the middle of dwelling houses and close to the Krishnarajendra Hospital and which is a source of insanitation in the locality is to be immediately shifted to the New Bamboo Bazaar area by the side of the Epidemic Diseases Hospital where sites have been allotted for these Bamboo Bazaar people Some of the shops here have also come up These people cannot shift to this New Bamboo Bazaar area unless the present Epidemic Diseases Hospital is shifted to the place selected in the Mysore-Mahadevapur Road Besides most of the sites in the vacant plot of land between the Central Institute for Defectives and the Epidemic Diseases Hospita have been disposed of and construction of the buildings on these sites is held up as permission to construct houses could not b given till the Hospital is shifted To the cost of this shifting and constructi New Hospital, the City Municipal Council, Mysore, have paid a sum of Rs 5,000/- and Trust Board is ready to pay its quota of Rs.7,000/-.

A reference has been made to Government for issuing necessary instructions to the concerned Department to hasten the shifting of the Epidemic Diseases Hospital to the Mysore-Mahadevapur-Road. Unless this is done early the other connected schemes will be held up.

New Industrial Suburbs:- The sites laid out in this area were allotted during the year, and the buildings are gradually coming up and are expected to be completed soon.

Bestageri:- Bestageri in Krishnaraja Mohalla, Mysore is a big and important localit consisting purely of Bestars and is one of the slum areas in the City The acquisition (Pl.) scheme was sanctioned by Government in Government Order No L.7693-4/M1 38-35 dated 8th April 1936 The cost of acquisition of these properties comes approximately to Rs.14,000/- The City Municipal Council has given Rs.6,000/- out of the provision of Rs.10,000/- made for the clearance of slums in the Budget estimate of the Municipality for the year 1935-36 The City Municipal Council have again sanctioned a further sum of Rs.4,000/- towards the cost of acquisition of these houses subject to the condition that the entire area acquired out of the amount advanced by the Municipality may be handed over to the Municipality for constructing houses The scheme could not be pushed through more rapidly owing to the difficulties put forth by Bestars in shifting to the new houses constructed for them and it was however taken up in right earnest

in the year 1940-41 and awards have so far been passed in respect of 21 houses and all the properties have been dismantled. The other 42 cases are in various stages of acquisition.

A set of 37 model houses built by the Municipality out of loan funds were set apar for these Bestars to given them a chance to live in a well ventilated and healthy surroundings. It was proposed to allot these houses to these people on easy instalments' basis. Government also in their Order No L 1596-9/Ml.121-38-4 dated 4th August 1939 were kind enough to order the recovery of the cost of these houses in 10 years (or 120 instalments But these Bestars refused to shift to these model houses on the ground that the cost of these houses was high and demanded separate sites at a low rate to construct cheaper houses of their own.

In view of these and with a view permit these dishoused Bestars to build suitable houses themselves as per plans approved by the Board Twelve sites were formed to the east of 9th Block in Chamundipuram, Mysore, and were allotted to the dishoused Bestars It is a matter for satisfaction that these houses are coming up briskly Action is also being taken to acquire portions of survey Nos 111,110 and whole of Survey No 113 in Mysore Kasaba for forming further sites to the remaining dishoused people at Bestars

Re-Housing Schemes: The construction

of a further set of 30 houses on the Ramanuja Road, Fort Mohalla, at a total cost of Rs 20,160/- (6 big houses - 6,600/- and 24 small houses - Rs.13,560/-) out of the Palace and Narasimharaja Building Funds to provide cheap houses to poorer classes has been sanctioned by Government in their order No.L 7496-99/MI.51-39 dated 18th April 1941. The work has been taken up and the construction is nearing completion.

The question of constructing and improving the area where sites had been reserved for constructing quarters for the proposed Professors of the Maharaja's College is engaging attention.

Lay-out of sites along the deviated Krishnarajendra Road in Krishnamurthypuram:-

On account of the deviation of the Krishnarajendra Road beyond the junction of Krishnarajendra Road and Kantharaja Urs Road towards the Mysore Chamarajanagar Railway line in Krishnamurthypuram, a long strip of land all along the deviated road became available for being formed into 9 sites. As these sites are just in front of the houses already existing in the place they have been allotted to these house-owners subject to the condition that they should put up houses according to the design approved by the Board so as to give a neat decent, and uniform appearance to the lay-out as to befit the locality and to have a beautiful vista from the Railway line.

Special Scheme in progress:- The acquisition of the Cauvery Rice Mill in Jeevanrayankatte was completed and the building has been demolished. The lay-out of the roads etc., in this area has been taken up an estimate for Rs.29,500/- having been sanctioned in Government Order No L.-8536-37/M1.47-40-103 dated 27th May 1941

Preparing correct up-to-date Block Plans of the City of Mysore:- There are seven Mohallas in the City of Mysore, and for purposes of working out the details of drainage and localise sites and bits of Trust Property, these Mohallas are sub-divided again into blocks of which there are now 96 Blocks surveyed and plans drawn. Even this is not complete, since their limits have extended on all sides and several blocks have been laid out and formed, so that the accurate plans of these new blocks have to be prepared after a fresh survey. The old block plans though they give an idea of the locality do not also embody the changes that have taken place these twenty years and it is very difficult to locate bits of property which the Trust Board have acquired from time to time in these maps It is therefore not possible to gather correct information either from the plans or from records available in the Municipal and Trust Board Offices To remedy this defect, up-to-date plans with office registers giving all the necessary information on Municipal and Trust Board properties, streets etc., should be prepared, having the existing block plans

as basis for preparing the revised ones. The whole scheme as at present proposed - costs Rs.3,500/-. A sum of Rs.3,300/- has been provided in the Trust Board Budget - for 1941-42 towards Survey Charges As the block plans are equally necessary for the Municipality, the Municipal Council - have agreed to pay 1/3 of the total expenditure.

In connection with the improvement of Kannegowdankoppal action has so far - been taken to acquire 15 properties and to put up seven new latrines and to realign one of the roads known as Bisalekatte Road in the area Besides 7 acres and 38 gunta or survey land out of Survey No 15 & 18 of Kannegowdankoppal Village have been acquire for laying out suitable sites for allotment to the dishoused villagers of Kannegowdankoppal. The Sites have since been marked out and will shortly be allotted to the dis housed people as acquisition proceeds.

An estimate for Rs.41.500/- for the construction of an underbridge and formation of a new road connecting Viceroy Road with Princess Road so as to avoid detention of vehicular traffic at the level crossing at the south end of the Railway Station, was sanctioned by Government in the Railway Department. The construction of the underbridge by the Railway Department was started during the year and is progressing rapidly. The work of laying out the new road by the Trust Board is under progress. The ne-

cessary acquisitions for this purpose are also progressing

The Kalidasa Road in Vanivilaspuram was continued to meet Gokulam Road. This latter road which is one of the main road in the extension was continued to meet - Princess Road on the east Also, the extension of the Gokulam Road on the west to meet Yelwal Road was started during the year. After the completion of this length the whole area bounded by Temple Road on - the south, Kalidasa Road on the east, Gokulam Road on the north and Yelwal Road on the west will be laid out into beautiful bungalow and cottage sites . The lay-out will also be - made use of for shifting the congested Adikarnataka Block of Padavarahalli.

A new lay-out of sites with suitable main and cross roads, parks and play-grounds for children etc , in the open area between Padavarahalli Village and Yelwal Road has - been taken up and is in progress There - will be altogether 28 sites ranging in size from 70' x 53' to 83' x 53' This new lay-out is expected to greatly relieve congestion in the village and considerably improve the health and sanitation of the place

A notable feature of improvement to the Padavarahalli Village was the draining of the swampy area to the south of the - village by cutting a defined channel at the centre to take up all the surface and seepage flow and filling up the many cess pools

that were existing in the area and thus preventing the breeding of mosquitoes

Conclusion —

While concluding this report I wish to offer my grateful thanks to the Members of the Trust Board whose assistance has been very helpful at every stage in the development and execution of scheres.

I wish also to acknowledge the loyal services rendered by the Officers and Staff of the Board

* * *

Order No.

Ratna Vilas Palace, January 1942

Recorded.

2. Constitution — The Board was reconstituted for a period of two years from 13th April 1941. As in previous years, the Board consisted of the Chairman and eight members, of whom two were elected by the Mysore City Municipal Council, three were ex-officio and the rest nominated by Government. The reconstituted Board, the Commissioner, Mysore, was excluded as a trustee in place of the Secretary in order that the Board may have the benefit of the technical advice of a responsible officer. The Board continued to function as a trustee of the Board till 3rd January 1941 when it was superseded by Government which has functioned from 3rd January 1941.

3. Meetings — The Board held twelve ordinary meetings and no special meetings. The average attendance of members was 77 3(77.7) per cent).

4. Finance — The receipts during the year including the opening balance and the interest of Rs 1,F ,50 amounted to Rs 4,02,[illegible]71. The expenditure was Rs[illegible],24,07[illegible] as detailed below, leaving a closing balance of Rs 73,75[illegible] —

1. Acquisition of properties	}	82,04[illegible]
2. Formation of drainage and other works	}	78,035

			Rs
3	Establishment Charges		27,147
4	Miscellaneous Charges		15,287
5	Suspense accounts	If	1,00,279
6	Narasimharaja and Palace Building Funds		13,227

5 Acquisition - Sixty-two schemes relating to the acquisition of properties were sanctioned 93 properties were declared for acquisition during the year. Sixty-seven properties were acquired under the provisions of the Land Acquisition Act The amount of compensation paid from the Trust Board funds on account of the properties acquired was Rs 71,739 in addition to a sum of Rs 8,016 paid out of contribution deposits

6 Construction Works:- One hundred and forty-three construction and other works were in progress during the year The receipts under the Palace and the Narasimharaja Building Funds from the inception of the scheme to the end of the year under report amounted to Rs 1,68,477 and the expenditure to Rs 1,61,182. It is proposed to take up the construction of another 12 Model houses out of the funds still available With a view to provide cheap houses to the poorer classes, the construction of a set of 30 model houses at a total cost of Rs 20,150 sanctioned last year was taken up and it is nearing completion

7 General:- The Sayaji Rao Road beyond the Institute for Defectives and the Krishnaraja Road beyond its junction with the Kantaraja Road were improved during the year. Traffic islands were constructed in the circles at the junction of the Irwin and the Viceroy Roads The work of filling up Poorniah Nala with Railway cinders was continued as usual and considerable progress made. Action is under way to improve the slum areas viz , the Bestageri in Krishnaraja Mohalla and Kanregowdana Koppal Sites are being

provided to the dispossessed people of the locality. The cemetery site will in the Sivaganga to was required and demolished. The work of laying a new road between the royal road with the princess road through the sacred river and the Mercara roads under a new railway bridge was under progress. A notable feature of improvement to the adayarathalli village was the draining of the swampy area to the south of the village by cutting a defined channel at the centre to take up all the surface and sewage flow, and filling up many cess pools in the area to prevent the breeding of mosquitoes.

Free gifts of land were made during the year to the (1) orchards' association (2) st. Thomas hall and (3) to Asthana Mandapam for their added on to the original site given for the construction of a sive to la in vari village pure.
